Reply to Office Action dated 8 May 2007

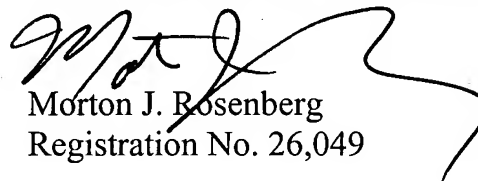

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 8 May 2007. In the Official Action, the Examiner has found two inventions; namely, Group I directed to Claims 1-16 drawn to a hinge; and Group II directed to Claims 17-27 drawn to a manufacturing method. The Examiner has required that Applicant choose one Group for further prosecution in this case.

By this Amendment and Response, Applicant elects Group II directed to Claims 17-27. Claims 1-16 have been withdrawn.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
